MUSIC MOUNTAIN 2012 Summer Music Festival 83rd Season

Gordon Hall at Music Mountain

WELCOME
 Music Mountain, with its focus on the string quartet literature, is in a beautiful and inspiring setting. It remains the premiere destination in the United States for intimate chamber music concerts.

Music Mountain is celebrating its 83rd season in 2012. For nine decades Music Mountain has presented the masterpieces of chamber music, marvelously played by acclaimed artists from all over the world.

The centerpiece of Music Mountain is Gordon Hall, without question one of the finest chamber music halls in this country with its legendary acoustics and resonant, full-bodied sound. Music Mountain concerts will reach more than 2,000,000 music lovers throughout the United States on Radio, the Internet, Instant Encore and YouTube.

The concerts are continuously available on the Internet from anywhere in the world. In addition the concerts are broadcast in many other countries, including as one example, New Zealand. This brochure lists all the activity at Music Mountain during this 83rd year including the 16 quartet concerts, as well as the Gilbert & Sullivan evening and the Big Band, Jazz and Country concerts. This brochure also includes a description of our various teaching programs and community events.

HISTORY
 Music Mountain was founded in 1930 by Jacques Gordon, who also was the founder and first violinist of the Gordon String Quartet, one of the leading quartets of its time. Music Mountain's mission, then and now has been the teaching and performance of the string quartet literature.

This mission is fulfilled by the all-encompassing repertory presented each season together with the variety of teaching programs available. This teaching mission is also enhanced by free admission to anyone 18 years of age or younger when accompanied by a ticket holder.

THE BUILDINGS
 Gordon Hall and the four houses used for visiting artists and students were built by Sears Roebuck during the summer of 1930. Music Mountain is listed on the National Register of Historic Places.
